The Farnham Pilgrim Marathon & Half-Marathon

Key

- Water/Refreshment Station
- Pub
- Viewpoint
- Church

Distances are virtually to scale but the route path widths are grossly exaggerated!

Suggested Spectator Viewpoints

1. Field accessible from Elstead Road with a good viewpoint looking west. A long uphill (out) and downhill (return) where runners (both FM & HM) may be seen and photographed from a distance. Good for "crowd" pictures!
All Grid References are on the Aldershot and Guildford OS Sheet 186
Grid Reference: 895476
2. By the Harvester Inn on the B3000 Road just south of the Hogs Back. Full Marathon runners will pass here and you may watch with a pint in your hand, or even have a meal outside!
Grid Reference: 933478
3. Watts Gallery, Down Lane, Compton. FM runners both out and return may be seen here. There is also a small cafe attached to the Gallery
Grid Reference: 957476
4. St. Martha's-on-the-Hill. The summit of the FM run. There is a car-park off Halfpenny Lane with a sandy track leading to the Church. The views here are spectacular and the FM runners will be taking a drink after their climb.
